About The Broadway

Built in the same great location where the Broadway Hospitality Group got its start, this vibrant space takes inspiration from the neighborhood's hard-working industrial roots. Rough-cut wood and steel accented concrete act as a foundation for the design that features a variety of communal seating options and two large bars – one built using wood from the original Beer Garden. Other features include a wide-open store front, a wood-fired pizza oven, and an impressive menu that has something for everyone.

The space is highly adaptable for occasions of any kind. With two adjacent rooms separated by a steal partition, we can accommodate smaller, more intimate parties in our back dining area as well as larger gatherings in our all-inclusive space.
